

Pick up Buoys

Aid to Mooring

The Norfloat International range of pick up buoys have a well-designed mooring handle which can be picked up easily by hand or retrieved with a boat hook, making mooring a simple and safe operation.

Features

Material

Mooring pick-up buoys are manufactured from UV stable marine grade PVC.

Lettering

Irremovable lettering and numbering can be moulded into the buoys at the time of manufacture. Commonly used for identifying visitor moorings, and providing local harbour office information.

Inflation

The valve has a simple and effective design allowing easy inflation and deflation with most football-style inflators.

Reinforced eye

Reinforced eyes prevent wear from rope and shackle connections.

Colours

Standard colours are red and yellow however, other colours are available on request. Inflatable markers available in Black, Grey, White, Navy Blue, Royal Blue, Signal Green, Signal Red, Fluorescent Orange and Yellow.

| Part number | Diameter in/cm | Eye internal dia |
|-------------|----------------|------------------|
| NPB2 | 8 / 20 | 10mm |
| NPB3 | 10 / 25 | 16mm |
| NPB1 | 11.1 / 28 | 22mm |

Although every effort is made to provide accurate information, dimensions and weights may vary slightly. Norfloat International reserves the right to change specifications without notice.
